

Latex Introduction

Primal Pappachan

Feb 2012

1 Introduction

The first question maybe why I should learn Latex? Let's try to answer that question first.

- Editor independent
- Portable, being in ASCII
- Excellent quality of Typesetting
- Easiness of referencing and indexing
- Matchless for technical documents
- And it's **FREE**

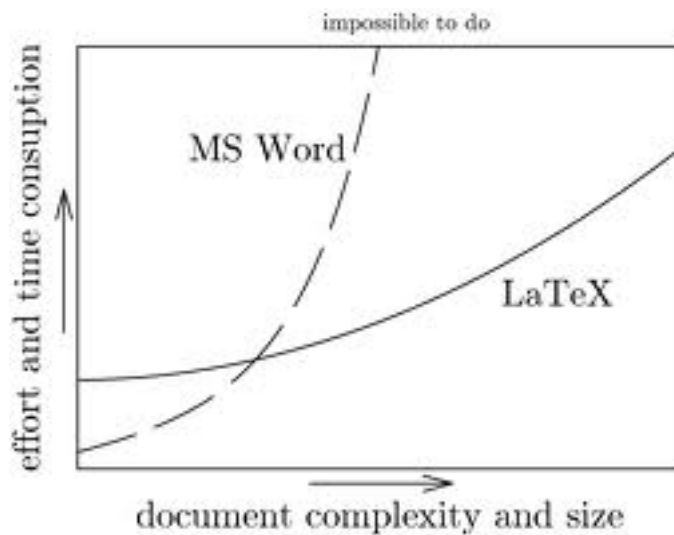

Figure 1: Latex Rocks

2 Conclusion

So should you learn L^AT_EX? We will leave that decision until the end of this tutorial.
